- Technologies: .NET, ASP, C#, React, SQL Server, PostgreSQL, Sybase, T-SQL, PL/pgSQL, GRPC, GitLab, Vue.js, MongoDB, Docker, Jenkins, CI/CD, Scrum, Microservices, MySQL, PHP.

CoopMego | Savings and Credit Cooperative

 Ecuador |  12/2021 – 06/2022

Technology Intern

- Supported requirements analysis, QA, and project documentation.
- Participated in quality control and functional testing of internal systems.

EDUCATION

Universidad Técnica Particular de Loja

 Ecuador |  2016 – 2021

Bachelor's Degree in Computer Systems Engineering and Computing

- **Key Project:** Developed a collaborative web and mobile application for sustainable development using React, Flutter, Node.js, and Firebase.
- Created a mobile app in Java for text recognition in images and a didactic game for people with disabilities.

HABILIDADES TÉCNICAS

- **Languages & Frameworks:** .NET, C#, Java, React, Node.js, Express, Flutter, Vue.js
- **Databases:** SQL Server, Sybase, PostgreSQL, MySQL, MongoDB, FirebaseDb
- **Methodologies:** Agile, Scrum, DevOps, Kanban
- **Tools & Technologies:** GitLab, GitHub, Postman, GRPC, WCF, T-SQL, PL/pgSQL
- **CI/CD Tools:** Docker, Jenkins, Gitlab, Red Hat - Linux Server
- **Others:** Lógica de programación, Resolución de problemas, Gestión de proyectos

CURSOS Y CERTIFICACIONES

- **Introduction to Test and Behavior Driven Development** - IBM, Coursera (02/2024)
- **Introduction to Scrum Master Training** - LearnQuest (01/2025)
- **Secure Development** - COGNOS (12/2023)
- **DevOps Advanced** - ITCERT (10/2023)
- **React: Hooks and MERN** - Udemy (09/2022)

LANGUAGES

Idiomas: Español (nativo), Inglés (B1+).
